Parents & Teachers

“Our son was hesitant about going as he just wanted to play video games all summer, but after the first day he was so excited. He told me that he had had so much fun that he couldn’t tell me how much fun he had. What a great way to make learning fun for kids. Thank you!” - Parent

“Thank you for having a camp that is fun and educational. I haven’t seen our son this excited about anything in a long time.” - Parent

“Thank you for providing workshops in the summer in Fort Qu’Appelle and for the available bursaries. This makes it accessible for my students who otherwise couldn’t afford it. They are very excited about the summer science camp!” - Teacher
