Parents & Teachers

"My son was already intrigued by science but this camp exploded his interest. He's repeating the experiments for all his friends and family. The instructors did an amazing job keeping them interested and involved from the minute they were dropped off until the minute they left each day."

Parent

89% of parents will sign up again

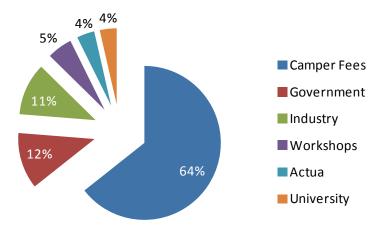

This is a wonderful hands on opportunity for our students which compliments our curriculum and philosophy of the curriculum very well. I really look forward to these workshops for my class. Thank you for the hard work and effort put into the EYES program.

Teacher

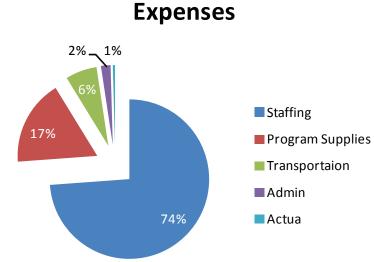

99% of teachers rated the workshop as either good or excellent

Financials

Revenue

EYES has a budget of approximately \$300 000 and finished the summer in a strong financial position which will allow us to reinvest into the program next year.

Campers have the chance at the end of the week to pie an instructor of their choice. Mike's hair could not save him
